EMPOWERING WOMEN- EMPOWERING NATION

by

Students of ABS academy (Education Department)

Durgapur, March 8,2023: 8th of march has been celebrated worldwide as the International Women's Day. Women empowerment means emancipation of women from vicious grips of social, economic, political, caste and gender-based discrimination. On this occasion the students of education department (B. Ed) of ABS academy had organised an event to celebrate the day.

The program was started from the morning assembly where all the students were gathered along with the respected teachers. After the prayer song, Juhi khatun, shared the thought of the day, followed by daily news reading. The assembly was dispersed with singing national anthem together. The second part of the program was arranged in the multipurpose hall room at 12 o'clock. The trainee teachers had participated in different events. The program had begun with the speech given by Nisha Dey about the importance of women empowerment in our society. Sukanya Chatterjee had performed a beautiful dance. There was a very event where Yamin Raza recited a self-written poem describing the power of a women. A group song was performed by trainee teachers. Tanmoy Gorai presented a PowerPoint presentation about the one of the most important parts of women life i.e., menstrual hygiene. Many of the people in our society marked it as a taboo that leads to the lack of awareness about it. After that Eshita Ghosh, gave a speech about the glorious achievements of women in various field. heading towards the end of programme, a poster display event was organised which was led by Nusrat begum. After that, students were awarded for their excellence in both academic and extracurricular field. the prizes were given by Mr. palash Chakraborty, principal of D.El.Ed department. The program was ended with the rally within the college premises.

All the students were very enthusiastic and attentive throughout the program. They participated here with a very positive attitude. Those who were there in the audience were cheering their friends. It was a beautifully arranged program with many entertaining acts as well as helped in increasing mass awareness.

Women are the backbone of society. They are the part of mother nature. Women have been exploited for many years despite the UN Charter of Human Rights and provisions of the Indian Constitution. This gap can be removed by educating women and making them independent, which is the only option to break the wall of inequality, negligence, intolerance, social taboo, and exploitation. SWAMI Vivekananda had said "There is no chance for the welfare of the world unless the condition of women is improved. It is not possible for a bird to fly on only one wing".
